In care its more than Evil ?**

Dear Ms Mary Wooldridge,

I listened with interest last night as I viewed the ABC TV 7.30 report entitled 'Zero Tolerance ' for sexual assault safe admission for women report, presented by Isabel Collins of VMIAC about sexual abuse in psychiatric hospitals.

People admitted into mental health facilities have families and many have children.

I'm sure you would agree it is an absolute disgrace that any abuse would happen in mental health care facilities in this state. Victoria should be leading the way in mental health care.

It seems that nothing has changed in mental health for twenty or thirty years.

What will you do to ensure that policies procedures and mental health practice is changed in this area.

I wish to receive regular updates on your progress in this matter.

I look forward to your prompt reply

I can be contacted on Mobile 0407 857465

Yours Sincerely
